Notice of Tree Warden Decision Pursuant to Connecticut General Statutes 23-59, Forestry Division of the Public Works Department

Re: Public Hearing on September 27, 2010  
Council Chambers City Hall  
155 Deer Hill Avenue  
Appeal of Tree Warden's determination, removal of trees Tarrywile Park

Date of Decision: **September 27, 2010**

Please be advised that on September 27, 2010 at 6:00pm in the Council Chambers at City Hall, 155 Deer Hill Avenue, I, Mark Miller, Tree Warden, held a public hearing with respect to the appeal of my determination in the following matter:

Removal of approximately 28 posted trees at Tarrywile Park for the purpose of creating additional parking.

Notice of said public hearing was published in The New Times on September 20, 2010.

After due consideration of all public comment, I uphold my original determination that the trees should be removed. My decision is based on the fact that the majority of the trees to be removed are Norway maples. They are an invasive species no longer to be planted in the state of Connecticut. Also, a revised site plan was submitted to me during the public hearing by the Mr. Antonio Iadarola, Director of Public Works. In that revised site plan, many trees were spared from removal. The most important one being a black walnut. Based upon the new plans and the need for more parking, the trees will be removed.

This is the final decision of the Tree Warden.

Any person aggrieved by my decision may, within ten days, appeal therefrom to the Superior Court for the judicial district within such town or borough is located.
