

12/21/2016 - **Bogeys**

Bogeys has been a staple of Danbury since it opened in 1982. The family-owned store has provided suits and tuxedos for each new wave of high schoolers as they go to prom and, in some cases, later on in life when they get married. For three decades, it has been the place to go for people in need of formalwear for all kinds of special events.

One of the reasons they have been so successful over the years is due to Bogeys' unmatched customer service. They take pride in making sure that they always meet their customer's orders with the greatest possible accuracy in measurements and ensuring you will be happy with the look of your tuxedo or suit. It also helps that Bogeys has a completely in-store inventory, giving one the opportunity to try on clothing and making it very quick and easy to purchase formal wear.

With such a strong-founded history and the highest levels of customer service, one would think renting/buying a tuxedo or suit from Bogeys would come with a hefty price tag. Luckily this is not the case because they pride themselves on keeping their custom made clothing comparable to off-the-rack!

Next time you have a special event that necessitates a tuxedo or suit, be sure to check out Bogeys!
