

1/4/2017 – The Palace Danbury

Would you believe that The Palace Theatre of Danbury has been entertaining its loyal patrons since the 1920s?!

There is no question that our downtown has been shaped by this theatre, and today, still located on Main Street, The Palace Danbury is a proud representation of Danbury's city center and entertainment district. After a few different incarnations over the last century the theatre has found new life and was revitalized as a venue for a wide array of performances and viewings.

For decades, the Palace was the place to go for locals to see the hit shows that were sweeping the nation. Today, the Palace stands as a center for not just national films and acts, but local shows who can even rent out the theatre for their performances. The theatre can also be rented out for birthday parties, speakers, or private screenings.

The Palace Danbury offers great shows, year-round from a variety of artists including some hilarious stand-up comics! Screenings of classic film favorites are also offered throughout the year.

Get involved in downtown! The Palace offers an array of volunteer opportunities. Email info@thepalacedanbury.com to find out all of the exciting ways you can take part in the magic that happens at The Palace Danbury!
